

Module– 2

1. Give the name of the Traditional and Digital platform where we can promote TOPS Technologies Pvt. Ltd, and suggest which platform will be better for their marketing activity with a reason?

Answer

We can promote TOPS Technologies on **traditional marketing** like TV , Radio and reach an overseas audience. Traditional marketing is effective for mass marketing. We can make ads for TOPS Technologies and run on TV and radio platforms and connect to the people who watch and listen to Radio on their daily routine. On the other hand digital marketing is the best platform to promote TOPS Technologies like instagram and facebook ADS and we can connect huge groups of people the way is not more than costly to traditional marketing And more than effective.

9. What is the Crawling and Indexing process and who performs it?

Answer-

Crawling-

Firstly crawlers scan all the webpages and then indexing stores all those websites.

It is performed by software robots called web spiders or web crawlers. Each search engine has its web spiders to perform crawling. It is like a book that contains a copy of each web page crawled by the spider. Thus, it collects and organizes the information from all over the internet.

rankings.
